Information concerning the raw materials composing this product can be obtained by writing to Nutrient Technologies, 5415 Lake Howell Rd. Ste 177, Winter Park, FL 32792.

## GENERAL INFORMATION

**Micro Connector™** is a highly concentrated liquid foliar fertilizer that supplements a complete fertilization program. It is a product that contains activated micronutrients, and fulvic acid.

### PRECAUTIONS

**Micro Connector™** is nontoxic to humans or animals. Nevertheless, it is recommended that you observe the normal precautions for its application, such as avoiding ingestion of the product and washing hands with soap and water after handling.

In case of spills, absorb with soil and disperse it in the cultivated area, since this material contributes organic matter and fertilizers to the soil. Harmful if swallowed. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush skin or eyes with water for at least 15 minutes.

**Micro Connector™** is compatible with most insecticides, fungicides, herbicides and fertilizers. A jar test is recommended prior to mixing large quantities. It is not phytotoxic at the recommended rates. When using **Micro Connector™** with other products, add it to the water, before mixing in the other products.

## DIRECTIONS FOR USE

**Micro Connector™** can be used on any crop. It is designed for foliar application mixed with enough water to obtain thorough foliar coverage, but can also be applied to the soil through irrigation if desired. For fertilizer rates suitable to your geographical area or the maximum allowable non-nutrient application rates per acre, consult a trained soil specialist/Certified Crop Advisor or contact Nutrient Technologies, L.L.C., 5415 Lake Howell Rd. Suite 177, Winter Park, FL 32792.

## CROP RECOMMENDATIONS

**Fruit bearing trees (apple, pecan, walnut, citrus)** Apply ½ gal per acre or 1 gal/100 gals of water at bloom, repeating at fruit set, small fruit stage and during fruit development.

**Cereals (wheat, barley, oats, rice)** Apply 1-2 qts/ac at heading. Repeat applications as needed through milky grain stage.

**Potato:** Apply 2-3 qts/ac when plants reach a height of 12 in. Repeat every 21 days, 2 or 3 times or as needed.

**Tomato, pepper, and vegetables:** Apply 2-3 qts./ac 15 days after transplant. Repeat every 21 days as needed until fruit maturity.

**Commercial Sod, Ornamentals and Lawns:** Apply 1 gal/ac in sufficient water. Apply to Ornamental plants, every 1-2 months; apply to turf for stress recovery as needed.

**Seedling and transplant production:** For seedling and transplant production in seedbeds, greenhouses or nurseries, apply weekly 13-26 fl. oz. of **Micro Connector™** for every 100 gallons of water, or mixed with foliar fertilizers in the same proportion.

## MAXIMUM COVERAGE \_\_\_\_\_ SQ. FT.

“Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn/garden.”

## NOTICE

The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, NUTRIENT TECHNOLOGIES, L.L.C does not make, nor does it authorize any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof. Neither NUTRIENT TECHNOLOGIES, L.L.C nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or the other persons from handling, storage or use of this material, not in accordance with the directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions.

**WARNING** This product contains Boron and the use on any crops other than those recommended on this label may result in injury to the crop

**PRECAUTIONS** Keep Out of the Reach of Children. Harmful if swallowed. Avoid contact with eyes, skin and clothing. In case of contact, immediately flush skin or eyes with water for at least 15 minutes.
